

# STATE HEALTH BENEFITS PROGRAM MEMBER

- Trying to find a doctor near your home who participates in your health plan doesn't have to be a mystery!
- Trying to find out what health plans your doctor participates in isn't magic!
- Trying to find the qualifications of a doctor you may want to see isn't like fortune-telling!

**Take the mystery out of choosing a doctor.  
Check out our *Unified Provider Directory*  
available on the SHBP homepage**

The **Unified Provider Directory (UPD)** is your single source for identifying physicians and other health care professionals and facilities who are affiliated with the State Health Benefits Program (SHBP) medical benefits plans. The UPD is available through the Internet and contains medical provider information currently included in the directories of each of our participating health plans. This consolidated information is in a uniform, easy to access format.

The service, which is updated monthly, displays timely and comprehensive information concerning health care providers and facilities who deliver their services through one or more of the SHBP's managed-care plans. The site also includes P.A.C.E. providers who offer discounted services to members of the Traditional Plan and NJ PLUS (out-of-network services).
